# Czech National Coalition

- **common platform of MEYS and National Pedagogical Institute for digital education**
- includes and connects private, public, non-profit, academic and scolar sector
- 240 members
- Communication
  - [Website](#)
  - [Facebook](#)
  - [Twitter](#)
  - [LinkedIn](#)

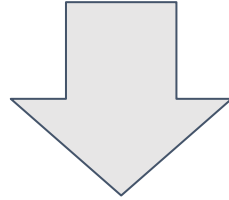

# How did we manage the crisis ?

- Czech schools were closed the longest (282 days) in Europe
- 4th place in covid deaths per million

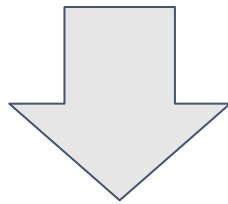

- **99 %** of schools chose online distance learning  
*(February 2021, MEYS)*
- **digital competence boom** - teachers, pupils and parents
- **1 %** of children out of education (neither online nor offline distance learning) *(February 2021, MEYS)*
- **66 % of schools declare 100 % pupils' participation** in distance learning *(February 2021, MEYS)*
- profounded **inequalities** at all levels => need for further support

quickly and painfully

- Cooperation with Czech Television (UčíTelka)
- **120+ Webinars**
  - 5 000+ live participants
  - 300 000+ views
  - 40 000+ hours
- **Help** with online platforms (MS Teams and Google Classroom)
- Better **communication** to schools (covid hotline, guidelines etc..)
- New partners and projects (new website, Česko.Digital)
- Extra **funding** for IT equipment (51 million EUR/1,3 billion CZK)
  - 74 000 of mobile devices
- **Promotion** of members' offers (<https://digikoalice.cz/online-education/>)

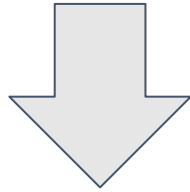

majority of schools handled the crisis very well

# How did we adapt?

# Digitalization of educational system

- **New curricula** for elementary schools => modern IT education and key digital competence
- Digitized processes
- **Digital competence** boost
- **Digital Education is finally a topic!**
- Recovery and Resilience Fund - **5 billion CZK** for digital education
  - IT equipment
  - training for teachers
- **Tackling deepened inequalities**
  - Recovery and Resilience Fund
  - National budget
    - support for schools
    - extra tutoring
    - summer camps

YES

- **Communication, support** and cooperation is key
  - between families and school
  - between the Ministry and schools
- **Pilot verification** of combined learning was launched
- Is it really necessary to **teach everything**?
- **Teachers are amazing!**

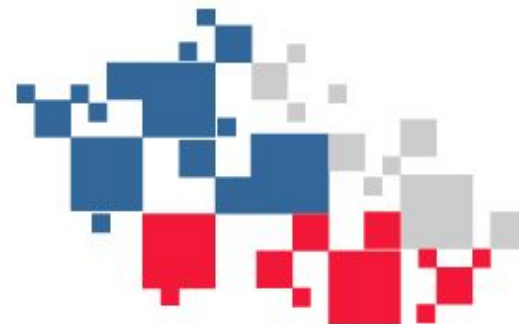

Have we learnt something?

# How will education change

- **Individualization**
- **New competences:**
  - time management
  - workload management
  - independence
- **New (hot) topics**
  - (digital) wellbeing and mental health
  - online security and prevention

# Thank you!

Lucie Gregůrková
